Policies and Fees

The Arrival Policy states that patients arriving more than 10 minutes late will not be seen. New patients should arrive 10 minutes early to allow time for parking, paperwork, and initial questions. This helps ensure quality care without feeling rushed. If you expect to be late or need to reschedule, please contact the office promptly for assistance.

The Rescheduling and cancellation policy is that We require a 48-hour notice for any cancellations or changes. If notice is not given, a $75 last-minute change fee will be charged.

Convenience Processing fee: Beginning January 2, 2026, a 2.5% convenience fee will apply to credit card payments. Cash & check payments remain fee-free. This allows us to continue offering personalized care without raising prices across the board. Thank you for supporting local, independent eye care.

Tips for a Pleasant Experience at ForSight

Bring Your Current Eyewear: If you wear glasses or contacts, bring them along. This helps our team understand your current prescription and make accurate assessments.

Know Your Insurance Details: Having your insurance information ready can streamline the check-in process, ensuring you can focus on your appointment without any hassle.

Allow Ample Time: Arrive a little early to relax and familiarize yourself with our welcoming environment. This also provides time for any necessary paperwork.

Explore Our Services: During your visit, you will experience our advanced technology and personalized care. We use Optomap technology to image the back of your eyes to asses for eye health. In the optical we use Optikam technology to maximize your vision and ensure you are seeing your best in your eye wear.

Post-Exam Care: After your exam, our team will guide you through lens recommendations and styling options. We're here to help you find the perfect fit for your lifestyle and vision needs.

The moment you walk in the door, you know you will be treated with amazing care. Eye disease runs in my family and I know without a shadow of a doubt that my eyes receive the newest and best care. I highly recommend setting a styling appointment, but be careful you just might leave with several pairs.

They deserve more than 5 stars, but Google doesn’t offer that option. The office is comfortable, the selection is impeccable but it’s the people that make it what it is. Treat yourself to the experience. And they always have candy to share.

New to Savannah, I cannot be happier in my choice for an eye care provider! Dr. keller took the time to review my options for my dry eyes and recommended a new treatment. The storefront is incredible, staff is wonderful and the follow-up care is above and beyond. I was appreciative of the newsletter they emailed as it provided new places for me to experience. I highly recommend Foresight Unique Eye Care for all your eye needs.

Dr Morrow and her team are the best in Savannah. Forsight offers a unique experience that you won’t see in another Eye care center in town. The service is outstanding and the store is beautiful, they have a very large selection of eye wear. Dr Morrow is actively involved in research for her patients and is very well connected with other specialists.

Dr Morrow is kind, thorough and professional. Shara was also as she fitted me for glasses. The office, staff and atmosphere was warm and inviting.

I’ve been wearing glasses for over 40 years and have been to multiple opticians and many various counties and cities and I can safely say ForSight is without a doubt the best opticians I have ever been to. The service is first class and the quality of the frames and the care you are given is second to none.
I can’t wait to pick up my new glasses, they are, in terms of quality and style, the best glasses I have ever had.
Thanks ForSight, see you again soon.
